Surgery

The inclusive prices for surgery listed above include the routine cost of anaesthetic, i/v cannula and surgical materials, post-operative pain relief, a post-operative check-up appointment and suture/staple removal. These prices are for routine surgical cases and do not include any extra medications or dressings which may become necessary, or the cost of protectives such as buster collars, medical pet tshirts or extra wound coverings to prevent patient interference..

Payment Terms

For routine procedures, all invoices must be settled at the time of consultation or at the time of the patients discharge. Settlement may be by Cash Or Card (unfortunately we do not accept American Express).
